Audi h-tron quattro concept

High range, swift refueling, sporty road performance: The Audi h-tron quattro concept car can boast all these virtues. It combines a highly efficient fuel cell achieving an output of up to 110 kW with a powerful battery that can provide a temporary boost of 100 kW. The car can be fully refueled with hydrogen in around four minutes, and is then ready to drive for up to 600 kilometers *(372.8 mi)*.
