Audi A3 Sedan – Navigation with HD Traffic

Upon request, Audi delivers MMI navigation plus, which features the same functions as the full-size class. The navigation system can make intelligent route suggestions on the basis of the journey history. In doing so, it takes statistical empirical values based on time of day and traffic density into account, as well as real-time data on the traffic situation. Should the data stream be cut off, for example when driving through a tunnel, onboard route guidance, which runs in parallel, steps in.
