Audi Q6 e-tron – Design

The Audi Q6 e-tron embodies typical Audi SUV styling with a further refined e-tron design language. The new design philosophy in the interior and pioneering technologies debuting in the new model, begin the next chapter in electric mobility for the Four Rings and make Vorsprung durch Technik a tangible experience every day.

Audi Q6 e-tron quattro: Combined power consumption in kWh/100 km: 19.6 -17.0 (WLTP); CO2 emissions combined in g/km: 0; CO2-class A
